## **Companies Represented**

**JOHN ZINK  
HAMWORTHY**  
COMBUSTION

**John Zink Company** - [www.johnzink.com](http://www.johnzink.com)

Global supplier of **Environmental Control Equipment** to industrial users.  
State-of-the-art **Low NOx Burners, Flares, Biogas Flares, and Thermal Oxidizers.**

**Unifin**  
A Wabtec company

**Unifin International, Inc.** - [www.wabteccorp.com](http://www.wabteccorp.com)

Transformer Oil Coolers and High-Performance Extruded Fin Heat Exchangers.  
Cardinal Pumps for submerged Transformer Oil Pumps.

**Elkins Earthworks – Landfill Gas Analyzer** - [www.elkinsearthworks.com](http://www.elkinsearthworks.com)

THE Latest **Landfill Gas Analyzer** on the market! With the MESA handheld unit, it is the most reliable and user-friendly portable analyzer.

**Qnergy – Methane Powered Remote Solutions** [www.qnergy.com](http://www.qnergy.com)

Remote Power and Compressed Air Solutions Using the Free Piston Stirling Engine,  
Proven technology powered by the most reliable heat engine ever with no moving parts.

**Blackhawk Technology Company** - [www.blackhawkco.com](http://www.blackhawkco.com)

Positive displacement pumps for **Landfill Gas Well Dewatering, Leachate Pumping, Product Recovery, Groundwater, and Environmental** applications. Utilizes pneumatic, solar and electric drivers.

**Honeywell – Flame Monitoring** - [www.ryanequipment.com/shop](http://www.ryanequipment.com/shop)

Ryan Equipment is a proud factory authorized distributor of the **Industrial Flame Monitoring** line. Multiple models (IR or UV Tron) offer application flexibility, all models include an electronic check (no mechanical shutter) for self-checking.

**Concrete Canvas** - [www.concretecanvas.com](http://www.concretecanvas.com)

**For All Your Erosion Control & Containment Needs.** Concrete Canvas is a flexible, concrete filled geosynthetic which provides a thin and durable concrete layer when hydrated.

**Thermal Instrument Company** - [www.thermalinstrument.com](http://www.thermalinstrument.com)

**Thermal Mass Flowmeter** We design, manufacture, and calibrate thermal mass flow meters and flow switches for a variety of liquid and gas measurement applications.

**APIS Innovation** – [www.apisinnovation.com](http://www.apisinnovation.com)

**Advanced Landfill Gas Technology** - Apis Innovation's device places every component required for precision gas system tuning on each gas well in a solar-powered, wireless, self-contained, and practically maintenance-free package.
